Select mdx Transition to ExoDx Prostate Test

Following our September announcement that mdxhealth acquired the ExoDx Prostate Test, we are writing to inform you of an important transition. We will be discontinuing Select mdx and transitioning exclusively to ExoDx as our pre-biopsy biomarker solution.

ExoDx offers an accurate, non-invasive solution that will provide the clinical value you have come to rely on with Select mdx, with enhanced convenience for your patients and practice.

Important Dates:

November 1, 2025: Last day to order Select mdx specimen transport kits

December 12, 2025: Last day to ship a Select mdx order

ExoDx Benefits:

- No DRE required offering a truly non-invasive urine test
- In-Office or At-Home Collection options for added convenience
- Clinically Validated with Level 1 evidence for assessing clinically significant prostate cancer risk

Thank you for your continued partnership as we transition to this advanced testing solution. We are committed to offering the most advanced diagnostic solutions for you and your patients!
